

PsycINFO – napredno iskanje

2019/2020

Milena Vukić

PsycINFO

- elektronska **bibliografska zbirka** (tj. zbirka **podatkov** o obstoječi literaturi),
- **psihologija**; tudi sorodne družboslovne vede
- več kot **4,5 mil. bibliografskih opisov s povzetki** o: znanstvenih člankih, knjigah, poglavjih iz knjig, disertacijah, prispevkih s konferenc in tehničnih poročilih od leta 1806 dalje
- povezave do ciljnega dokumenta (neposredne – PsycARTICLES ali posredne – DiKUL)
- avtor: American Psychological Association (**APA**)
- vmesnik: EBSCOhost

PsycINFO

- 99% vseh virov je **recenziranih!**
- strogi kriteriji za vključitev virov v bazo (relevantnost vsebine, standardi predstavitve, etika izdajanja, recenziranost, raznolikost recenzentov...)
- celotni oddelki zaposlenih, ki imajo vsaj univerzitetno psihološko izobrazbo, se ukvarjajo s selekcijo in **indeksiranjem** (določanjem in opisovanjem vsebine)
- **tedensko** dodajanje **več tisoč novih virov** podatkov v bazo
- trenutno je indeksiranih **2.290 revij različnih založb** (npr. Taylor & Francis, Springer, Elsevier, Sage...) – [seznam](#)

PsycARTICLES

- baza **polnih besedil** člankov znanstvenih revij:
 - vse revije založnika **APA** od prve do zadnje številke
 - revije kanadske psihološke zveze (**Canadian Psychological Association**)
 - revije založnika **Hogrefe Publishing Group** v angleščini
- skupaj 110 revij oz. cca. 200.000 člankov – [seznam](#)
- od leta 1894 naprej

DiKUL

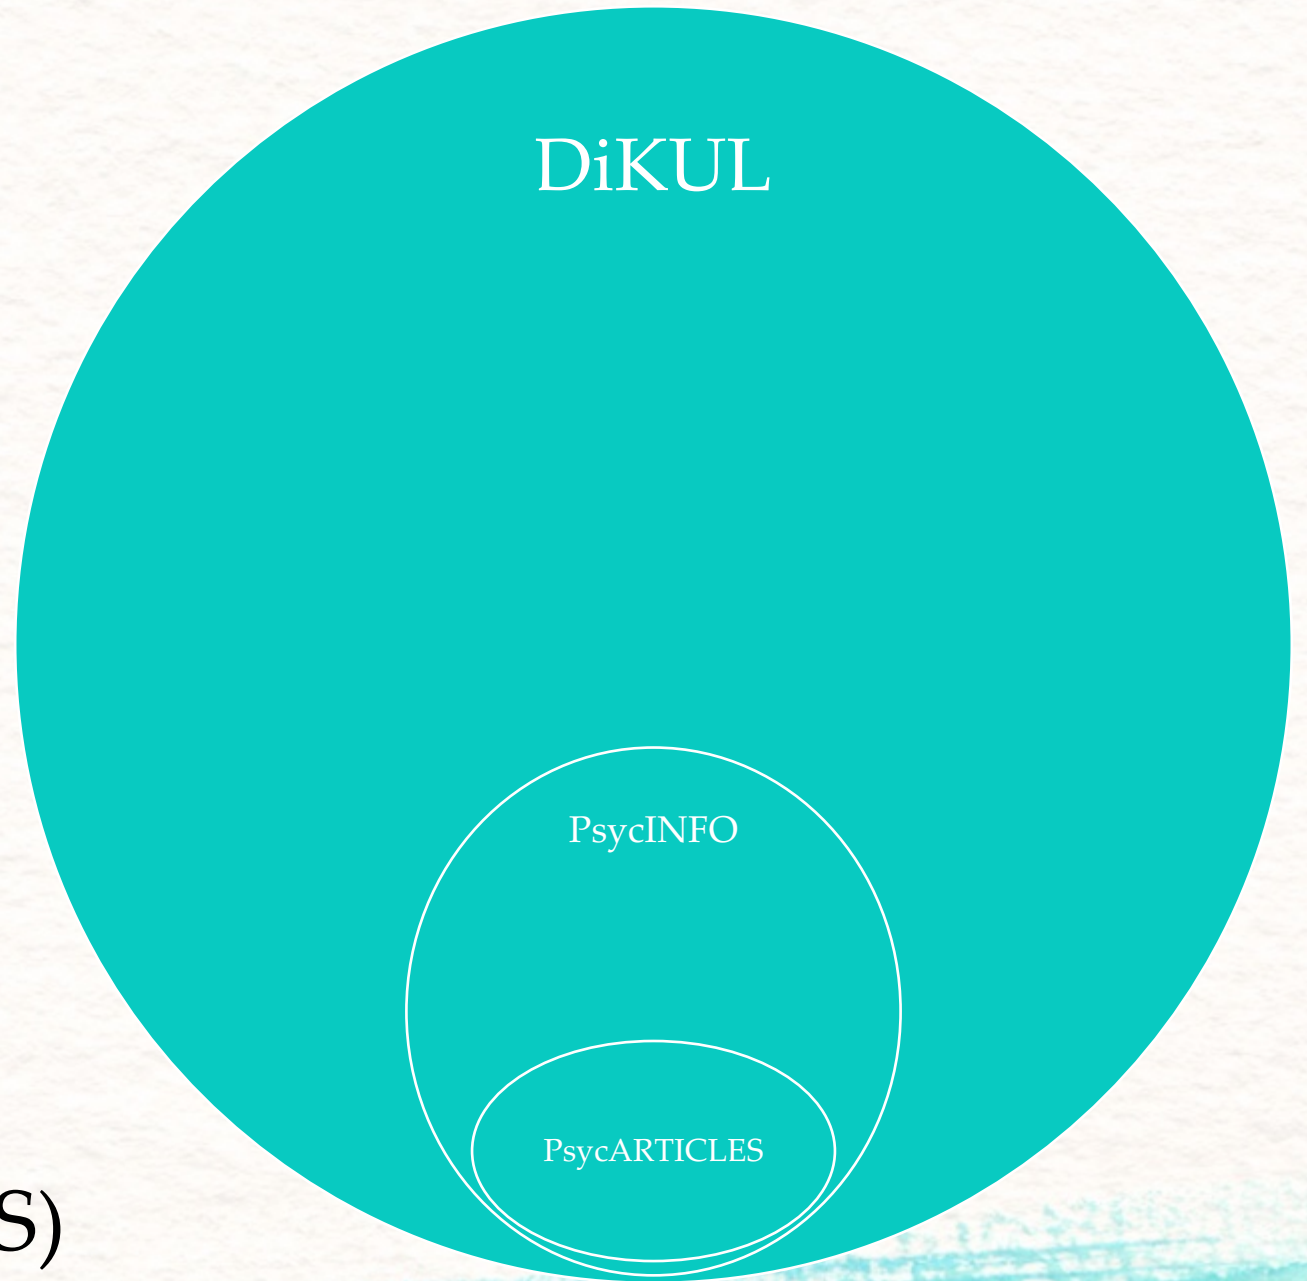

Mrežnik oz. mEga iskalnik NUK

- portal informacij o znanstveni literaturi,
- vstopno mesto in hkrati iskalnik po vseh bazah, ki jih naroča UL, npr.:
- Academic Search Complete, eBook Academic Collection, SAGE Journals Online, ScienceDirect, Wiley Online Library...
- skrbnik je CTK

- enaka vsebina in funkcija kot DiKUL
- z dodano vrednostjo, išče tudi po COBISS katalogu NUK in bazi dLib.si (baza virov z območja Slovenije)
- skrbnik je NUK

DiKUL vs.
PsycINFO (+ PsycARTICLES)

PsycINFO (in PsycARTICLES): vs. DiKUL:

- specializirana psihološka zbirka podatkov

☺ ponuja **iskalna orodja za specializirano iskanje psiholoških vsebin**

- neposredne povezave do polnih besedil iz baze PsycARTICLES

 [HTML Full Text](#)  [PDF Full Text](#)

- posredne povezave do polnih besedil baz, ki jih ponuja UL (preko DiKUL)

 [Celotno besedilo dostopno za uporabnike UL](#)

- portal in vstopno mesto do **vseh baz**, ki jih naroča **UL**

☺ iskalno orodje, vendar **NE za specializirano iskanje psiholoških vsebin**

- možnost iskanja po vseh bazah hkrati
- neposredne in posredne povezave do polnih besedil, ki jih ponuja UL

 [HTML Full Text](#)  [PDF Full Text](#)

 [Celotno besedilo dostopno za uporabnike UL](#)

PsycINFO – iskalna strategija

enostavno iskanje

The screenshot shows the EBSCOhost search interface for PsycINFO. At the top left is the EBSCOhost logo. To its right, it says "Searching: PsycINFO" with a link to "Choose Databases". Below this is a checkbox for "Suggest Subject Terms". A search input field contains the placeholder text "Enter any words to find books, journals and more". To the right of the input field is a green "Search" button and a help icon. Below the search bar are links for "Search Options", "Basic Search", "Advanced Search", and "Search History".

PsycINFO – iskalna strategija: frazno iskanje

- Primer: iščemo članke o čustvenem razvoju → "emotional development"
- REZULTAT: zapisi, ki vsebujejo **točno to frazo** in ne katerekoli od dveh besed kjerkoli v zapisu

The screenshot shows the EBSCOhost search interface. At the top, there is a navigation bar with links for "New Search", "Thesaurus", "Cited References", and "Indexes". On the right side of the navigation bar, there are links for "Sign In" and "Folder". Below the navigation bar, the EBSCOhost logo is visible on the left. The main search area contains the text "Searching: PsycINFO | Choose Databases" and a checkbox for "Suggest Subject Terms". The search input field contains the text "emotional development". To the right of the input field is a dropdown menu labeled "Select a Field (option...)" and two green buttons labeled "Search" and "Clear". Below the main search field, there are two additional search fields, each starting with "AND" and a dropdown menu labeled "Select a Field (option...)". To the right of these fields are two circular buttons labeled "+" and "-". At the bottom of the search area, there are links for "Basic Search", "Advanced Search", and "Search History".

PsycINFO – iskalna strategija: okrajševanje

- Večina iskalnikov bo poiskala besede iz iskalne zahteve v točno takšni obliki, kot smo jih vnesli. Če želimo, da iskalnik poišče tudi druge oblike iskalnih besed, mu moramo to povedati.

* (zvezdica) nadomesti nedoločeno število črk na koncu besede:
psych* → psychology, psychotic, psychosomatic

(grabljice) nadomestijo eno ali več črk sredi besede, ki se lahko pojavijo npr. zaradi razlik v črkovanju:

colo#r → color, colour

wom#n → woman, women

PsycINFO – iskalna strategija: izbira iskalnih polj

- omejimo iskanje

The screenshot displays the EBSCOhost PsycINFO search interface. At the top, it shows the search bar with a dropdown menu for selecting a field. The dropdown menu is open, listing various search fields such as TX All Text, TI Title, AU Author, AF Author Affiliation, SU Subjects, DE Subjects [exact], MJ Word in Major Subject Heading, MA MeSH Subject Heading, AB Abstract, AN Accession Number, AG Age Group, BK Book Type, CC Classification, CF Conference Information, DT Date of Publication, DN Dissertation Number, PZ Document Type, DI DOI, GR Grant/Sponsorship, AI Intended Audience, IB ISBN, and IS ISSN. The 'TM Tests & Measures' field is highlighted with a red box. Below the search bar, there are search options including 'Search Modes and Expanders' and 'Limit your results'. The 'Search Modes and Expanders' section includes radio buttons for 'Boolean/Phrase', 'Find all my search terms', 'Find any of my search terms', and 'SmartText Searching'. The 'Limit your results' section includes checkboxes for 'Linked Full Text' and 'Open Access'. On the right side of the interface, there is a list of search fields, with 'TM Tests & Measures' highlighted in a red box.

Language:	English
Keywords:	proactivity, individual needs, innovative work performance, job crafting, regulatory focus theory
Abstract:	Employees often self-initiate changes to their jobs, a process referred to as job crafting, yet we know little about why and how they initiate such changes. In this paper, we introduce and test an extended framework for job crafting, incorporating individuals' needs and regulatory focus. Our theoretical model posits that individual needs provide employees with the motivation to engage in distinct job-crafting strategies—task, relationship, skill, and cognitive crafting—and that work-related regulatory focus will be associated with promotion- or prevention-oriented forms of these strategies. Across three independent studies and using distinct research designs (Study 1: N = 421 employees; Study 2: N = 144, using experience sampling data; Study 3: N = 388, using a lagged study design), our findings suggest that distinct job-crafting strategies, and their promotion- and prevention-oriented forms, can be meaningfully distinguished and that individual needs (for autonomy, competence, and relatedness) at work differentially shape job-crafting strategies. We also find that promotion- and prevention-oriented forms of job-crafting vary in their relationship with innovative work performance, and we find partial support for work-related regulatory focus strengthening the indirect effect of individual needs on innovative work performance via corresponding forms of job crafting. Our findings suggest that both individual needs and work-related regulatory focus are related to why and how employees will choose to craft their jobs, as well as to the consequences job crafting will have in organizations. PsycINFO – iskalna strategija: iskanje s pomočjo tezavra

The screenshot shows the EBSCOhost PsycINFO search interface. At the top, there are navigation links: "New Search", "Thesaurus", "Cited References", and "Indexes". Below this is the EBSCOhost logo and a search bar containing "multiple personality*". To the right of the search bar is a green "S" button. Below the search bar are links for "Basic Search", "Advanced Search", and "Search History".

The main section is titled "Browsing: PsycINFO -- Thesaurus". It features a search input field with "multiple personality*" and a "Browse" button. Below the input field are three radio buttons: "Term Begins With", "Term Contains" (which is selected), and "Relevancy Ranked".

Below the radio buttons are "Page: Previous" and "Next" links. A section titled "Select term, then add to search using:" includes a dropdown menu set to "OR" and an "Add" button.

Below this section is a note: "(Click term to display details.)". The results are displayed in a list:

- Multiple Personality **Use** Dissociative Identity Disorder
- Dissociative Identity Disorder
- Multiple Personality **Use** Dissociative Identity Disorder

Tezaver nas **pri iskanju usmerja** na nove izraze v uporabi, na nadpomenke, sopomenke.... Zelo uporaben je pri iskanju tematik, kjer so se termini skozi leta spreminjali. APA skrbi, da se ob uvedbi novega termina vsi obstoječi bibliografski zapisi s starimi deskriptorji tudi posodobijo, tako da lahko z enim deskriptorjem poiščemo vse objave, ki so skozi desetletja uporabljale različna poimenovanja pojma, tezaver pa nas vodi k novemu deskriptorju. Npr. ko iščemo vire na temo **dissociative identity disorder**, bomo preko tezavra našli vire, ki vsebujejo v besedilu termin **multiple personality (disorder)** kot tudi tiste, ki vsebujejo **dissociative identity disorder**.

PsycINFO – iskalna strategija: iskanje s pomočjo tezavra

Explode – v iskanju uporabi izbrani koncept in vse njegove podrejene koncepte (Boolov operator OR).

The screenshot displays the PsycINFO search interface. At the top, there is a navigation bar with links for "New Search", "Thesaurus", "Cited References", "Indexes", and "Sign Out". Below this, the "EBSCOhost" logo is visible on the left. The main search area shows a search query: "(DE "Ability" OR DE "Ability Grouping" OR DE "Ability Level" OR DE "Academic Aptitude" OR DE "Cognitive Ability" OR DE "Communication Skills" OR DE "Competence" OR DE "Employee Skills" OR DE "Learning Ability" OR DE "Nonverbal Ability" OR DE "Reading Skills")". A green "Search" button is positioned to the right of the query. Below the search area, there are links for "Basic Search", "Advanced Search", and "Search History".

Below the search area, the "Browsing: PsycINFO -- Thesaurus" section is visible. It includes a search box with a "Browse" button. Below the search box, there are three radio buttons: "Term Begins With", "Term Contains", and "Relevancy Ranked" (which is selected). Below these radio buttons, there are links for "Back to List", "Previous", and "Next". At the bottom, there is a section for "Select term, then add to search using:" with a dropdown menu set to "OR" and an "Add" button. Below this, there is a checkbox next to the term "Ability".

Permanentno shranjevanje virov, člankov, potekov iskanj v mojo mapo

PsycINFO – bonus: My EBSCOhost

- shranjujemo in urejamo pomembna iskanja

Osebno mapo lahko organiziramo:

- v razdelku 'My custom' lahko dodajamo mape po meri, kamor shranjujemo posamezne prispevke, se naročimo na obvestila, preko zgodovine iskanj pa lahko shranimo celotne poteke iskanj.

PsycINFO – bonus: My EBSCOhost

V seznamu zgodovine iskanj odkljukamo iskanje, ki ga želimo shraniti in izberemo ‚Save Searches / Alerts‘

The screenshot displays the My EBSCOhost search interface. At the top, it shows the search term 'environmental issues AND personality' with a 'Search' button. Below the search bar, there are options for 'Basic Search', 'Advanced Search', and 'Search History'. The 'Search History/Alerts' section is highlighted, showing a table of search history with columns for Search ID#, Search Terms, Search Options, and Actions. The search ID# S2 is selected, and the 'Save Searches / Alerts' button is highlighted in the navigation bar.

~~PsycINFO~~ DiKUL – bonus: My EBSCOhost

PSSST: Tudi iz DiKUL-a lahko shranjujemo prispevke in poteke iskanj v osebno mapo (EBSCOhost), le da je prijava skrita – preko shranjevanja poteka iskanja v Zgodovini iskanj se lahko prijavimo, potem pa lahko permanentno shranimo posamezne prispevke v osebne mape.
